## Play business tycoon games online

By Melody Dawn Online Mahjong Games are puzzle games that are based on the Chinese board game, but the online mahjong game is a little different from the table version. In the basic game, there are 144 tiles that are placed in a pyramid pattern. Your goal is to match the two as tiles and clear them from the board. Tiles can be buried under or surrounded by other tiles. You can win the game when you have cleared all tiles from the board. Master Qwan Mahjong is an example of the most basic online mahjong game. You can clear the mahjong board by pairing it into the tiles. When you make a pair, you get 50 points and a time bonus that gives you more time to find more matches. The maximum time bonus you receive is 60 seconds. If you smed the whole board, you will get a total of 5000 points. Mahjong Dark Dimensions is another online variation of mahjong. In this game you get a 3-D character instead of a two-dimensional character. You can spin the figure around to find two tiles that are the same. You have the opportunity to get bonus matches. Make two matches in seconds and you will get a point multiplier. You will get bonus points for matching as tiles behind you, and if you find time-bonus tiles, you will get more time added to the game clock. Looney Tunes Mahjong is aimed at children. This game is almost identical to master Qwan mahjong, but you match up pictures of Looney Tunes characters instead of numbers, flowers or Chinese characters. Each cartoon character has a number, but the matches are simple and easy to find. Mahjong 3D is similar to dark dimensions game. You get a 3-D figure, and you can move your game board around in order to see all the pieces on board. Once you clear the board, you will move on to the next level of the game. Each level gets harder, and if you run out of time when you're trying to find matches, you lose the game. You can find these and many other online mahjong games in the Resources section. There are many websites that allow you to pay for memberships and play variations of mahjong, as Pogo.com. You can find a lot of free sites just by looking.
